MEDICAL PLAN

Daytona Beverages offers one medical plan, managed by BevCap Management and administered by Boon-Chapman.

SAVE WHEN YOU USE IN-NETWORK PROVIDERS

The PPO medical plan allows access to both In-Network and Out-of-Network providers, but you will get better discounts and pay less money by remaining In-Network. When you use providers from within the Aetna Signature Providers network, you receive the benefits at the discounted network cost. If you use non-PPO providers, you will pay more for services. All Out-of-Network services are subject to the amount determined to be eligible by the health plan, and you are responsible for all charges over this allowance.

HEALTH CARE COVERAGE REMINDER

You may purchase insurance through the Marketplace only if you experience a Qualifying Life Event or during Open Enrollment. The federal Marketplace Open Enrollment dates are from November 1 through January 15. Refer to the Required Notices in this guide for additional details.

FREQUENTLY ASKED QUESTIONS

WHAT IS A MATERNAL FETAL MEDICINE (MFM) DOCTOR?

A Maternal Fetal Medicine specialist is a board-certified OB/GYN with three additional years of training in the management of high-risk pregnancies through the third trimester. MFMs are sub-specialists who care for mother and baby.

HOW EFFECTIVE IS TELEMEDICINE FOR TREATING PREGNANCIES?

Given that there are so few MFMs, telemedicine has been used effectively for many years, making it one of the few specialties to widely adopt its use long before the pandemic.

I ALREADY HAVE AN OB/GYN. WHY DO I STILL NEED A MATERNITY ADVOCATE?

Maternity Advocates' MFM and nurses work directly with your Maternity Provider as a member of your care team. They provide support and guidance throughout your pregnancy to make sure you are getting the care you and your baby need when you need it.

WHAT IF MY OB/GYN RECOMMENDS ANOTHER MFM?

- Some Obstetricians have well-established relationships with MFMs and that is fine. Maternity Advocates MFMs will still be there for you as an independent guide to make sure you and your baby follow the gold-standard in maternity care, the American College of Obstetricians and Gynecologists (ACOG) Guidelines.

THIS BENEFIT IS FREE OF CHARGE. WHAT'S THE CATCH?

There is no catch. Employers are regularly looking for unique employee benefits that they think will improve the quality of life of their employees and their families. Ensuring your family sustains a healthy, successful pregnancy is important to everyone, so your employer has subsidized the cost of this benefit for you.

LIFE AND ACCIDENTAL DEATH & DISMEMBERMENT (AD&D) INSURANCE

Life insurance pays a lump-sum benefit to your beneficiary(ies) to help meet expenses in the event of your death. AD&D insurance pays a benefit if you die or suffer certain serious injuries as the result of a covered accident. In the case of a covered accidental injury (e.g., loss of sight, loss of a limb), the benefit you receive is a percentage of the total AD&D coverage you elected based on the severity of the accidental injury.

LIFE / AD&D INSURANCE – FOR YOU – GUARDIAN		
	LIFE AND AD&D	VOLUNTARY LIFE AND AD&D
Coverage Amount	\$20,000	Increments of \$10,000 not to exceed \$400,000.
Evidence of Insurability / Proof of Good Health	None	Required if electing coverage equal to or greater than \$150,000 for ages under 65, \$50,000 for ages 65-70 & \$10,000 for ages 70+

DEPENDENT VOLUNTARY LIFE

Voluntary Life insurance for your dependents can help protect your family during difficult times.

LIFE / AD&D INSURANCE – FOR YOUR DEPENDENTS – GUARDIAN		
	SPOUSE	CHILD(REN)
Coverage Amount	Increments of \$1,000 not to exceed 50% of Employee coverage.	Increments of \$1,000 to a maximum of \$10,000 for children 14 days to 26 years of age.
Evidence of Insurability / Proof of Good Health	Required for amounts equal to or greater than \$30,000	None

GUARANTEED ISSUE (GI) AND EVIDENCE OF INSURABILITY (EOI)

Employees and spouses who elect coverage when first eligible can elect up to the Guaranteed Issue (GI) amount without Evidence of Insurability (EOI). If the amount requested is more than GI, you will need to provide EOI before the amount over GI becomes effective.

IMPUTED INCOME

Under current tax laws, imputed income is the value of your Basic Life insurance that exceeds \$50,000 and is subject to federal income, Social Security, and state income taxes, if applicable. This imputed income amount will be included in your paycheck and shown on your W-2 statement.

Example of how to calculate your cost: Complete the following by selecting your coverage amount and rate (based on your insurance age & benefit offered).

	COVERAGE AMOUNT	INCREMENT	RATE	MONTHLY COST
Employee	\$ _____	÷ \$ 1,000	x (\$ _____ + \$0.031)	= \$ _____
Spouse	\$ _____	÷ \$ 1,000	x (\$ _____ + \$0.031)	= \$ _____
Children	\$ _____	÷ \$ 1,000	x (\$ _____ + \$0.031)	= \$ _____
TOTAL				= \$ _____

To determine the cost per paycheck, multiply the total monthly cost by 12 and then divide by 52, 26 or 24 pay periods per year, depending on your organization's pay schedule.

A qualifying disability is a sickness or injury that causes you to be unable to perform any other work for which you are or could be qualified by education, training or experience.

DISABILITY INSURANCE

Disability insurance can keep you financially stable should you become disabled and unable to work. It can help provide a sense of security, knowing that if the unexpected should happen, you'll still receive a monthly income.

HEALTH BENEFIT GLOSSARY

Coinsurance. A percentage of a health care cost — such as 20 percent — that the covered employee pays after meeting the deductible.

Copayment. The fixed dollar amount — such as \$25 for each doctor visit — that the covered employee pays for medical services.

Deductible. A fixed dollar amount that the covered employee must pay out of pocket each calendar year before the plan will begin reimbursing for non-preventive health expenses. Plans usually require separate limits per person and per family.

Formulary. A list of prescription drugs covered by the health plan, often structured in tiers that subsidize low-cost generics at a higher percentage than more expensive brand-name or specialty drugs.

Flexible Spending Account (FSA). An FSA is a type of savings account that allows employees to contribute a portion of their regular earnings to pay for qualified expenses. Funds contributed to the account are deducted from the employee's earnings before they are made subject to payroll taxes.

Preferred Provider Option Network (PPO). The PPO means your insurance company will have a network of care providers available to you at your discretion. The care provider will file the claim with your PPO carrier, and you pay the difference between the bill and the insurance payment.

In-network. Doctors, clinics, hospitals and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for providers who are out-of-network.

Out-of-network. A health plan will cover treatment for doctors, clinics, hospitals and other providers who are out-of-network, but covered employees will pay more out-of-pocket to use out-of-network providers than for in-network providers.

Out-of-pocket limit. The most an employee could pay during a coverage period (usually one year) for his or her share of the costs of covered services, including co-payments and co-insurance.

Premium. The amount that must be paid for a health insurance plan by covered employees, by their employer, or shared by both. A covered employee's share of the annual premium is generally paid periodically, such as monthly, and deducted from his or her paycheck.

NEWBORNS' ACT DISCLOSURE

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

WHCRA ENROLLMENT NOTICE

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and

- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. .

WHCRA ANNUAL NOTICE

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2021. Contact your State for more information on eligibility –

NOTICE OF PRIVACY PRACTICES FOR PROTECTED HEALTH INFORMATION

BACKGROUND

The HIPAA Privacy Rule gives individuals a fundamental new right to be informed of the privacy practices of their health plans and of most of their health care providers, as well as to be informed of their privacy rights with respect to their personal health information. Health plans and covered health care providers are required to develop and distribute a notice that provides a clear explanation of these rights and practices. The notice is intended to focus individuals on privacy issues and concerns, and to prompt them to have discussions with their health plans and health care providers and exercise their rights.

HOW THE RULE WORKS

General Rule. The Privacy Rule provides that an individual has a right to adequate notice of how a covered entity may use and disclose protected health information about the individual, as well as his or her rights and the covered entity's obligations with respect to that information.

Most covered entities must develop and provide individuals with this notice of their privacy practices.

The Privacy Rule does not require the following covered entities to develop a notice:

- Health care clearinghouses, if the only protected health information they create or receive is as a business associate of another covered entity. See 45 CFR 164.500(b)(1).
- A correctional institution that is a covered entity (e.g., that has a covered health care provider component).
- A group health plan that provides benefits only through one or more contracts of insurance with health insurance issuers or HMOs, and that does not create or receive protected health information other than summary health information or enrollment or disenrollment information.

See 45 CFR 164.520(a).

Content of the Notice. Covered entities are required to provide a notice in plain language that describes:

- How the covered entity may use and disclose protected health information about an individual.
- The individual's rights with respect to the information and how the individual may exercise these rights, including how the individual may complain to the covered entity.
- The covered entity's legal duties with respect to the information, including a statement that the covered entity is required by law to maintain the privacy of protected health information.
- Whom individuals can contact for further information about the covered entity's privacy policies.

The notice must include an effective date. See 45 CFR 164.520(b) for the specific requirements for developing the content of the notice.

A covered entity is required to promptly revise and distribute its notice whenever it makes material changes to any of its privacy practices. See 45 CFR 164.520(b)(3), 164.520(c)(1)(i)(C) for health plans, and 164.520(c)(2)(iv) for covered health care providers with direct treatment relationships with individuals.

PROVIDING THE NOTICE.

- A covered entity must make its notice available to any person who asks for it.
- A covered entity must prominently post and make available its notice on any web site it maintains that provides information about its customer services or benefits.
- Health Plans must also:
 - Provide the notice to individuals then covered by the plan no later than April 14, 2003 (April 14, 2004, for small health plans) and to new enrollees at the time of enrollment.
 - Provide a revised notice to individuals then covered by the plan within 60 days of a material revision.
 - Notify individuals then covered by the plan of the availability of and how to obtain the notice at least once every three years.
- Covered Direct Treatment Providers must also:
 - Provide the notice to the individual no later than the date of first service delivery (after the April 14, 2003 compliance date of the Privacy Rule) and, except in an emergency treatment situation, make a good faith effort to obtain the individual's written acknowledgment of receipt of the notice. If an acknowledgment cannot be obtained, the provider must document his or her efforts to obtain the acknowledgment and the reason why it was not obtained.
 - When first service delivery to an individual is provided over the Internet, through e-mail, or otherwise electronically, the provider must send an electronic notice automatically and contemporaneously in response to the individual's first request for service. The provider must make a good faith effort to obtain a return receipt or other transmission from the individual in response to receiving the notice.
 - In an emergency treatment situation, provide the notice as soon as it is reasonably practicable to do so after the emergency situation has ended. In these situations, providers are not required to make a good faith effort to obtain a written acknowledgment from individuals.
 - Make the latest notice (i.e., the one that reflects any changes in privacy policies) available at the provider's office or facility for individuals to request to take with them, and post it in a clear and prominent location at the facility.

- A covered entity may e-mail the notice to an individual if the individual agrees to receive an electronic notice.

See 45 CFR 164.520(c) for the specific requirements for providing the notice.

ORGANIZATIONAL OPTIONS.

- Any covered entity, including a hybrid entity or an affiliated covered entity, may choose to develop more than one notice, such as when an entity performs different types of covered functions (i.e., the functions that make it a health plan, a health care provider, or a health care clearinghouse) and there are variations in its privacy practices among these covered functions. Covered entities are encouraged to provide individuals with the most specific notice possible.
- Covered entities that participate in an organized health care arrangement may choose to produce a single, joint notice if certain requirements are met. For example, the joint notice must describe the covered entities and the service delivery sites to which it applies. If any one of the participating covered entities provides the joint notice to an individual, the notice distribution requirement with respect to that individual is met for all of the covered entities. See 45 CFR 164.520(d).

IMPORTANT NOTICE FROM DAYTONA BEVERAGES ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Daytona Beverages and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer

more coverage for a higher monthly premium.

2. Daytona Beverages has determined that the prescription drug coverage offered by the Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

WHEN CAN YOU JOIN A MEDICARE DRUG PLAN?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

WHAT HAPPENS TO YOUR CURRENT COVERAGE IF YOU DECIDE TO JOIN A MEDICARE DRUG PLAN?

If you do decide to join a Medicare drug plan and drop your current Daytona Beverages coverage, be aware that you and your dependents may not be able to get this coverage back.

WHEN WILL YOU PAY A HIGHER PREMIUM (PENALTY) TO JOIN A MEDICARE DRUG PLAN?

You should also know that if you drop or lose your current coverage with Daytona Beverages and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

FOR MORE INFORMATION ABOUT THIS NOTICE OR YOUR CURRENT PRESCRIPTION DRUG COVERAGE...

Contact the person listed below for further information NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Daytona Beverages changes. You also may request a copy of this notice at any time.

FOR MORE INFORMATION ABOUT YOUR OPTIONS UNDER MEDICARE PRESCRIPTION DRUG COVERAGE...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

NEW HEALTH INSURANCE MARKETPLACE COVERAGE OPTIONS AND YOUR HEALTH COVERAGE

PART A: GENERAL INFORMATION

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by your employer.

WHAT IS THE HEALTH INSURANCE MARKETPLACE?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

CAN I SAVE MONEY ON MY HEALTH INSURANCE PREMIUMS IN THE MARKETPLACE?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer

coverage, or offers coverage that doesn’t meet certain standards. The savings on your premium that you’re eligible for depends on your household income.

DOES EMPLOYER HEALTH COVERAGE AFFECT ELIGIBILITY FOR PREMIUM SAVINGS THROUGH THE MARKETPLACE?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

HOW CAN I GET MORE INFORMATION?

For more information about your coverage offered by your employer, please check your summary plan description or contact your plan administrator.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer-sponsored health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

INTRODUCTION

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs.

Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the

Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

WHEN IS COBRA CONTINUATION COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to: Human Resources.

HOW IS COBRA CONTINUATION COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18

months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

DISABILITY EXTENSION OF 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

ARE THERE OTHER COVERAGE OPTIONS BESIDES COBRA CONTINUATION COVERAGE?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children's Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

CAN I ENROLL IN MEDICARE INSTEAD OF COBRA CONTINUATION COVERAGE AFTER MY GROUP HEALTH PLAN COVERAGE ENDS?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.
